

Property Number 501000018

Location

The Riven Rock area of Montecito is a beautiful and picturesque residential setting. Winding country lanes lined with stone walls, landscaping, and stately homes create a special living environment. Situated in an ideal climactic zone, the area enjoys above-the-fog mornings and mild summer nights.

Property

From the cut stone gatehouse entry through the tree-lined meadow, this property is truly Montecito at its finest.

Seven acres with a rock wall frontage located in one of the area's most secluded neighborhoods away from traffic arteries and carefully tucked among similarly large properties.

Since 1925, Meadow house was the major residence at Riven Rock, the spectacular garden estate (originally 87 acres) created and enjoyed by the Cyrus Hall McCormick family of Chicago from 1896 until 1949.

Tranquility and privacy are assured in this 7.38-acre park like setting laced with lovely walks among mature specimen trees. Enjoy magnificent ocean views and mountain views. This property consists of three legal parcels.
